Securities Transfer Instructions for Donors

(Feel free to make copies of this packet as needed)

Your Missouri United Methodist Foundation offers a service through which donors can make a gift for the benefit of a church, a United Methodist institution, or the Foundation using securities presently held by the donor. We receive the securities, sell them, and then send the proceeds to the intended recipient.

Transferring Securities Held by a Broker or Bank

1. If you do not have physical certificates, your broker or bank can transfer the securities directly to the Foundation's account. Use the form on the reverse side of this page to send instructions to your broker.
2. Send a copy of the broker instructions to the Foundation:

Missouri United Methodist Foundation
PO Box 1076
Columbia MO 65205-1076

You may also fax the broker instructions to the Foundation at (573) 875-4595.

3. When the transfer is completed, you will receive a receipt confirming the value of the gift as of the date it is received by the Foundation. Save this receipt for tax purposes.

Transferring Securities Held in Certificate Form

1. If you have physical certificates registered in your name, you will need the following items:
 - The stock certificate(s)
 - An Irrevocable Stock Power (available from the Foundation, phone 800-332-8238)
 - A Third Party Release (available from the Foundation, phone 800-332-8238)
 - A cover letter with your name, address and phone number, as well as a statement identifying the intended recipient and purpose of the gift.
2. Complete ***ONLY*** the Authorized Signature section (highlighted) for the Irrevocable Stock Power and the Third Party Release. **The signatures on each form must correspond exactly to the names appearing on the certificate.** Also, have a Notary Public notarize the Third Party Release form. Upon receipt of these items, the Foundation will fill in the appropriate information on the remainder of each form.
3.
