Columbia --The Missouri United Methodist Foundation (MUMF) is pleased to announce its selection of Horizons Stewardship (Horizons) as its preferred provider of capital campaign consulting services to United Methodist congregations in the Missouri Annual Conference. The partnership supports MUMF's mission to offer a full range of stewardship services that strengthen congregations and enhance ministry effectiveness throughout the conference.

"The Foundation is committed to strengthening local church ministry," said David Atkins, Executive Director of the Foundation. "Horizons is a nationally recognized organization with a proven record of successful capital campaigns and a stellar professional staff. It is our pleasure to partner with them as our preferred provider and work alongside them for the most effective generosity resources possible within our conference."

Horizons was founded in 1992 by Dr. Clif Christopher, an ordained United Methodist pastor and stewardship consultant. Horizons assists churches and other faith-based institutions to make strategic decisions, grow in faith, and secure the necessary capital resources for vital and effective ministry.

Located in Columbia, the Missouri United Methodist Foundation began in 1967 and serves United Methodist churches, institutions and individuals within the Missouri Annual Conference, providing investment management, stewardship education, planned gift and endowment administration, scholarships, and ministry grants. Foundation information and resources can be found at www.mumf.org or by calling 800-332-8238.

Please remember the Church in your will or estate plan.
