

Merrydelle G. May Memorial Fund

Merrydelle Gambrill May was a graduate of Mary Institute, Vassar College, and Washington University where she received one of the first Masters Degrees of Social Work given by that school. Active in Methodist causes statewide, she was a member of the Methodist Hall of Fame and the Wednesday Club. Mrs. May was a board member and Board President of Epworth Children and Family Services, and the founder of Gambrill Gardens Methodist retirement center. She and her husband, Howard L. May, were also major benefactors of Central Methodist University.

The Merrydelle G. May Memorial Fund was established in 1996 through Mrs. May's generous bequest. The fund provides undergraduate college scholarships to United Methodist youth and ministry grants to United Methodist churches throughout the state of Missouri.
